

## Outdoor Ministry Makes a Difference

Lutherans Outdoors is committed to providing the best Christian camping experience possible for youth and families. Here is what some of our campers' parents and former staff tell us:

*"I am a pastor today because of Lutheran's Outdoors camping ministry."*

*"Camping has strengthened our children's faith and given them confidence to try new things."*

*"A week at camp is the best investment we make in our children's future."*

*"Family camp provides a vacation that's relaxing, rejuvenating and fun."*

### Keeping Camp Costs as Low as Possible

Lutherans Outdoors is committed to keeping the cost of camp as low as possible. For this reason, LO raises 25% of our annual budget through donations. In addition, LO has a strong campership fund, last year giving out \$14,000 in camperships to children with financial need.

### Thank you, Trinity Lutheran members, for your faithful support!

Trinity Lutheran Church has a long history of providing support to Lutherans Outdoors - by sending campers, financial contributions, inkind gifts, volunteer labor, and prayers. Thank you, Trinity Lutheran members, for your support!

### How You Can Help

Your gift to Lutherans Outdoors' Annual Fund will help us keep camp more affordable, and, for children with financial need, will make available adequate campership funds. **Thank you for your support!**

## Outdoor Ministries nurture Church leadership.

Outdoors Ministries nurture church leadership at every level. Throughout a camp day, campers (and counselors) have the opportunity to practice their faith and express their faith in many ways. Parents report that the camp experience give their children higher self-esteem and more confidence in their abilities. Many parents say that their children came home from camp more willing to participate in church activities and more willing to take on leadership roles in the church. Youth who attend camp are more likely to continue their relationship with the church beyond confirmation.

“In a January Intensive, Dr Paul Hill and Rev Ralph Yernberg team-taught THE HISTORY AND THEOLOGY OF OUTDOOR MINISTRIES at Luther Seminary. ....” Often it is at our camps that new emergent leaders surface as they discern their faith and life in new ways”, said Dr. Paul Hill. Hill went on to note that 62% of students at Luther Seminary have had an outdoor ministry experience and 45% of them discerned their call to public ministry while at camp.”
